CYLINDER ADAPTERS

Weldmark cylinder adapters provide a connection from CGA cylinder to CGA regulator when the mating surfaces do not allow for a direct connection. Adapters are ideal for standard connections between standard, alternate standard, or limited standard connections for the same gas, unless the use of such adapters could result in undesirable connections*

WELDMARK by Superior Products

	Part #	W/E Equivalent	Cylinder	Regulator
	WEM A809	806	320	580
	WEM A831	51	510	300
	WEM A801	61	300	510
	WEM A842	306	520	200
	WEM A848	317	520	510
	WEM A781	324	200	510
	WEM A830	15	510	300

Undesirable connections include, but are not limited to, high pressure to low pressure equipment, circumventing any safety intent, changing a gas or gas mixture.
