

WELDMARK[®] by

CURV-O-MARK[®]

Weldmark by Curv-O-Mark style Wrap-A-Round rulers are an easy-to-use tool for pipe fitters and welders. Each are printed with a scale in inches, an inch chart, tangent chart, and other helpful markings to help make a straight line around pipes. Made from flexible gasket material, they have a good resistance to both heat and cold.

- Made from flexible gasket material with resistance to heat and cold
- Printed with a scale in inches, inch chart, tangent chart, and other useful markings
- Economical tool for marking straight lines around pipe or for use as a straight edge
